

FLY

MINI AMP SERIES

SET-UP GUIDE

Congratulations on buying this Blackstar FLY Bluetooth Def Leppard mini amplifier

Your FLY 3 is a compact, innovative mini amp with big TONE. Combining two channels, our patented Infinite Shape Feature (ISF) and a tape delay together with Bluetooth connectivity, it's the perfect take-anywhere amp.

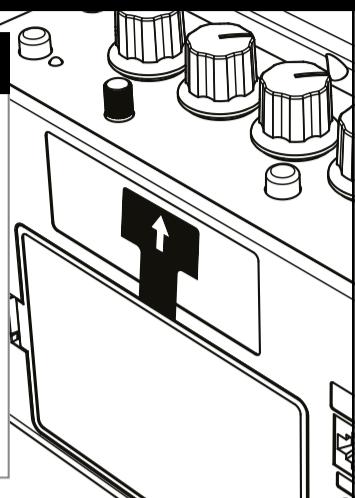

GETTING STARTED

1. BATTERY TAB

Pull out the tab located at the rear of your FLY 3 to activate the batteries.

Retirer la languette située à l'arrière de votre FLY 3 pour activer les batteries.

本体背面にある絶縁タブを引き抜いてください。
液漏れを防ぐため、長期間使用しない場合はバッテリーを本体から取り外してください。

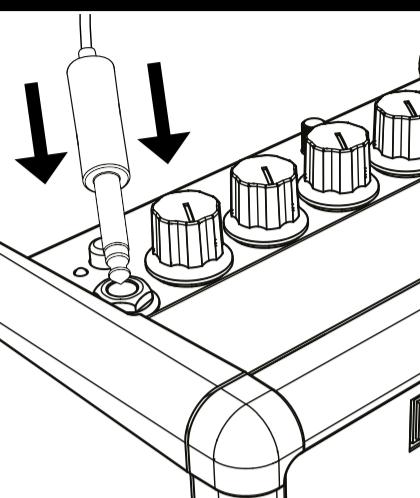

2. INPUT

Plug your guitar lead into the Input socket.

Branchez votre câble de guitare dans le port "Input".

インプット・ソケットにお使いのシールドケーブルを差し込んでください。

3. POWER

Switch your amplifier on using the Power Switch.

Mettez l'amplificateur sous tension grâce à l'interrupteur.

パワースイッチを押しして、本体の電源をオンにしてください。

NOTE:
The LED light will fade as the batteries lose power.

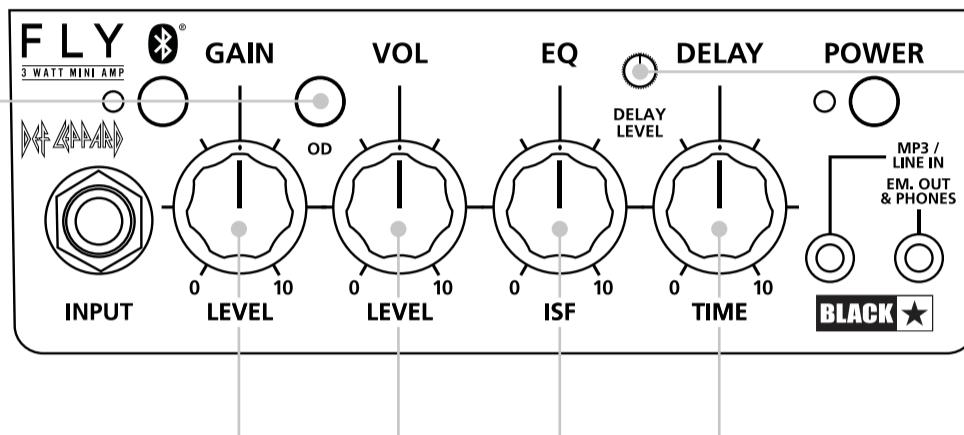

SETTING UP

1. CLEAN OR OVERDRIVE

Press the OD switch in to select the Overdrive channel — when the switch is out, the Clean channel is in operation.

Quand le commutateur OD est en position haute le canal clean est sélectionné, quand il est poussé c'est le canal OD qui est activé.

電源を入れた直後は、クリーンチャンネルに設定されています。ODボタンを押すとオーバードライブチャンネルに切り替わります。

3. DELAY LEVEL

The DELAY LEVEL dial changes the volume of the delay effect.

Le bouton DELAY LEVEL change le volume de l'effet delay.

DELAY LEVELのつまみを回すと、ディレイエフェクトのボリューム調整ができます。

4. DELAY TIME

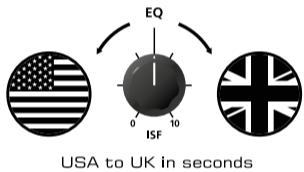

The DELAY TIME dial changes the tempo of the delay effect.

Le bouton DELAY TIME change le tempo de l'effet Delay.

TIMEのつまみを回すと、ディレイエフェクトのテンポの調整ができます。

2. CHOOSE YOUR SOUND

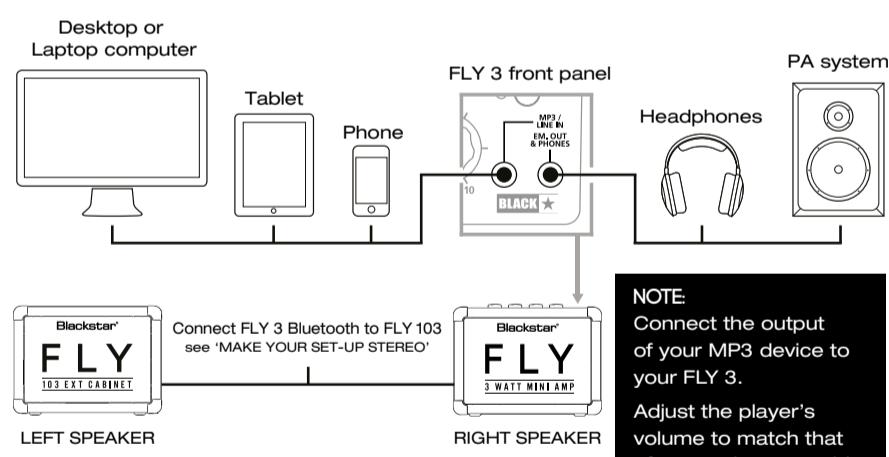

Set your gain and volume — higher gain settings give you more overdrive (distortion). Blend your EQ between a UK and American sound, using Blackstar's patented ISF control.

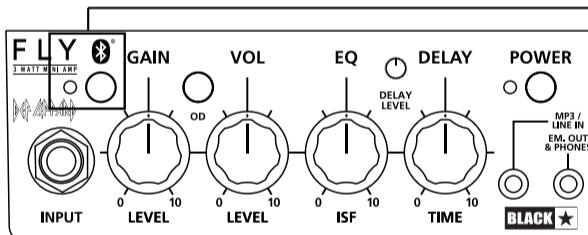

Réglez le gain et le volume. Les réglages de gain élevés produisent davantage de distortion. Le contrôle ISF, breveté Blackstar, permet de passer d'une égalisation type Anglaise (UK) à Américaine (USA).

ゲインとボリュームを調節します。
ゲインを高めると歪んだ音になります。
EQのISFでアメリカンサウンドからブリティッシュサウンドまで調節できます。

GET CONNECTED

BLUETOOTH

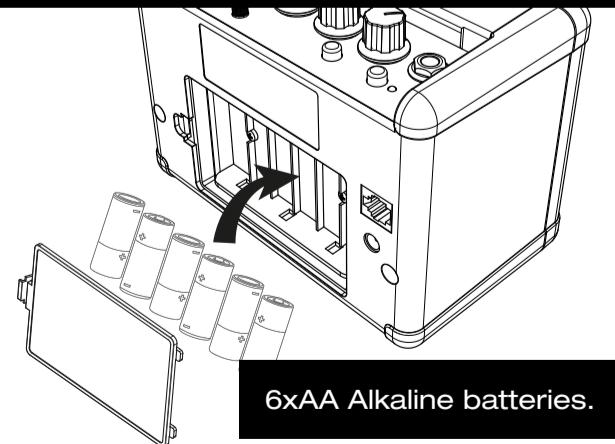

BLUETOOTH

DISCOVERABLE MODE (Single LED flash):
to pair press and hold the Bluetooth button for 2 seconds and simply go to the devices page of your Bluetooth device, select your FLY Bluetooth, then play your music.

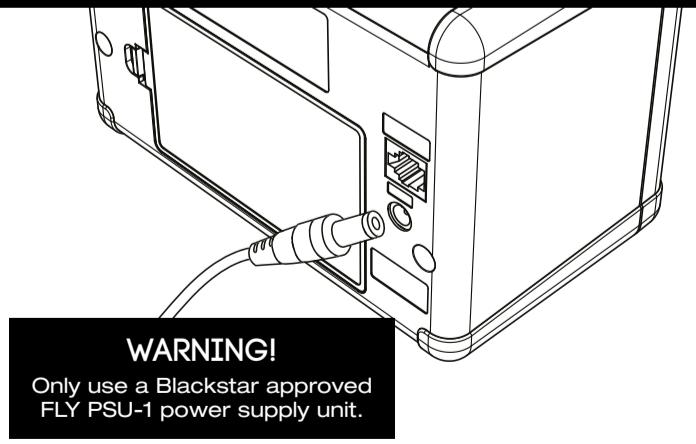

SCANNING MODE (Double LED flash):
reconnect automatically to a previously paired device, or press again to enter Discoverable Mode.

NOTE: Press and hold bluetooth button for 2 seconds to toggle between Discoverable and Scanning modes, or to disconnect the current connected device.

Warning!

Important safety information!

READ THE FOLLOWING INFORMATION CAREFULLY. SAVE ALL INSTRUCTIONS FOR FUTURE REFERENCE!

Follow all warnings and instructions marked on the product!

Do not open the equipment case. There are no user serviceable parts in this equipment. Refer all servicing to qualified service personnel.

Clean only with a dry cloth. Condensation can form on the inside of an amplifier if it is moved from a cold environment to a warmer location. Before switching the unit on, it is recommended that the unit be allowed to reach room temperature.

Unauthorized modification of this equipment is expressly forbidden by Blackstar Amplification Ltd.

Never push objects of any kind into ventilation slots on the equipment casing.

Do not expose this apparatus to rain, liquids or moisture of any type.

Do not place this product on an unstable trolley, stand or table. The product may fall, causing serious damage to the product or to persons.

This product should not be placed near a source of heat such as a stove, radiator, or another heat producing amplifier. Use only an approved Blackstar power supply and mains cable (Blackstar PSU-1). Unplug the Blackstar power supply and mains cable from the mains supply when not in use.

Batteries shall not be exposed to excessive heat such as sunshine, fire or similar. They must be disposed of according to local environmental guidelines.

Do not place the equipment in a confined space such as book case or similar unit. Don't cover the ventilation openings items such as newspapers, tablecloths, curtains etc.

Only use at a altitude not exceeding 2000m. Only use in non-tropical climate regions.

Bluetooth® Hardware V1.0 and Software V1.0.

No naked flame sources, such as lighted candles, should be placed on the apparatus.

Attenzione!
LEGGETE LE SEGUENTI INFORMAZIONI CON ATTENZIONE. CONSERVARE TUTTE LE ISTRUZIONI PER RIFERIMENTO FUTURO!
Seguire tutte le avvertenze e le istruzioni riportate sul prodotto!
Non aprire lo chassis dell'apparecchiatura. Non ci sono parti riparabili dall'utente all'interno di questo apparecchio. Per l'assistenza rivolgersi esclusivamente a personale qualificato.
Pulire solo con un panno asciutto.
Può esserci della condensa all'interno di un amplificatore se viene trasportato da un ambiente freddo a uno caldo. Prima di accendere l'apparecchio, si raccomanda di portare l'unità a temperatura ambiente.
La modifica non autorizzata di questa apparecchiatura è espressamente vietata dalla Blackstar Amplification Ltd.
Non inserire oggetti di alcun tipo nelle fessure di ventilazione sul corpo dell'apparecchio.
Non coprire o ostruire le prese di ventilazione o le aperture.
Questo prodotto non deve essere collocato vicino a fonti di calore come una stufa, radiatore, o un altro amplificatore che produce calore.
Se il prodotto non opera normalmente quando viene trasportato da un ambiente freddo a uno caldo, attendere che il prodotto si riscaldi prima di accenderlo.
Utilizzare solo un alimentatore ed un cavo di alimentazione approvati da Blackstar (Blackstar PSU-1).
Scollegare l'alimentatore ed il cavo di alimentazione Blackstar dalla rete elettrica quando l'amplificatore non è in uso.
Le batterie non devono essere esposte ad un clima eccessivo come ad esempio luce solare, fuoco o simili.
Devono essere smaltite secondo le normative locali vigenti.
Non esporre l'apparecchio a pioggia, liquidi o umidità di qualsiasi tipo.
Non collocare il prodotto su un carrello instabile, supporto o tavolo. Il prodotto potrebbe cadere, causando gravi danni al prodotto o alle persone.
Non coprire o ostruire le prese di ventilazione o le aperture.
